

Reproducibility and Translation in Biomedical Research

Thursday, 30 November 2023

Session: Open Innovation - Konferenz Atrium BIH, (10:35 - 11:55)

time	[id] title	presenter
10:35	[17] Opening Up for Innovation - Empowering the next generation of innovators	Dr KAO, Joyce
10:55	[16] The EQIPD Quality System provides guidance towards research robustness	Dr GERLACH, Björn
11:15	[18] PRO-MaP: Promoting Reusable and Open Methods and Protocols in life sciences	Dr PIERGIOVANNI, Monica
11:35	[19] Building Bridges – From Basics to Translation	Dr RIECKEN, Lars Björn

Session: Reproducibility + Translation in ATMPs (EATRIS-led) - Konferenz Atrium BIH, (13:00 - 14:40)

time	[id] title	presenter
13:00	[6] Building a first EU Ecosystem for Gene therapy development for rare diseases. The why and the how?	Dr MORROW, David
13:20	[8] Workflow solutions for more efficient, reproducible, and standardized GT development to the clinic	Dr PAPANIKOLAOU, Eleni
13:40	[9] In depth product characterization of ATMPs, standardized assays for efficacy and safety and technology transfer to GMP	Dr AMINI, Leila
14:00	[7] The need for biomarker platform according to GCLP guidelines to monitor therapy response	Dr VOLK, Hans Dieter
