Why?

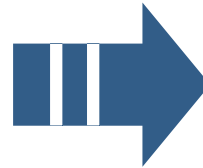

- **PhD:** a complex, long-term project
- **Need:** a structured framework to manage information

Quarto + R = perfect match

How?

Quarto website template with custom R functions

```
paper(file_name = NULL)
```

```
---  
title: ""  
author: "Your Name"  
status: "idea"  
bibliography: ../references.bib  
---  
  
# [Link to file]()  
<!-- e.g. GitHub -->  
  
# Abstract  
  
# Outline  
...
